# welcome to students from around the world

**We have been organizing  
summer camps for children and  
teens in Megève, France since  
1996.**

Our camps are the best place to enjoy summer and winter.

Jeunes Diplomates offers your child an unforgettable summer full of action at the foot of Mont-Blanc. They will:

- Study a foreign language by total immersion in an international setting with a multi-lingual team and with campers from all over the world. This means that approximately 10 different native languages can be heard at the camp during a typical week!.
- Become an international citizen by living in a multicultural context.
- Learn about themselves and blossom by exploring all their talents. Exceed their limits to achieve significant accomplishments through sports and discovery activities, and the creative workshops which comprise much of the daily activities of the camp.

All of this takes place in an environment which is friendly and secure, for us the essential building blocks of constructive and stimulating learning.

# WHY CHOOSE US?

Jeunes Diplomates' camps have many advantages, such as:

- **Smaller groups** in the language classes for better progression
- **Qualified and experienced teachers** for language learning
- **The quality of the accommodations** in a prestigious hotel
- **The quality of the staff** with a large team always present with the children

## mission and educational objectives

**JEUNES DIPLOMATES is a European camp for children and teens from 7 to 17 years old from all around the world.**

We offer vacations with a multitude of activities and, in addition, **a complete language training program**, all in the heart of the French Alps.

Our language camps not only offer the opportunity to learn a foreign language but also encourage the campers to discover new cultures, make new friends from all around the world, and enjoy diverse activities, to learn to live and work with others, to participate in an international community and, more importantly, grow with these experiences.

Everything is in place to instill a climate of confidence and we encourage the campers to actively participate in their learning to progress and communicate with ease.

We use multiple intelligences in our language training program and throughout the day. One of the missions of JEUNES DIPLOMATES is to teach each camper to learn about themselves, to blossom by exploring all their talents, to be the best they can be.

# THE TEAM

- A professional Camp Director
- Qualified French counselors
- Experienced English native-speaking counselors

All the team members are chosen based on their experience with children, their age and their training. They are all bilingual.

The staff quota is above the current regulations in France. We have 1 adult for 6 children maximum.

**Our team is experienced, qualified and competent** and entirely devoted to the personal development of each child. The adults are all enthusiastic and capable of motivating and adapting to the young people. They accompany the children during each activity or excursion and act as role-models and guides for the campers. Natural leadership and organizational skills, a good sense of humor and an understanding of the needs of the group create a good team, with a number of counselors coming back year after year. Our Director, the language teachers and the counselors are undoubtedly the main factors in creating an unforgettable vacation for your children!

## SAFETY AND SECURITY

### **Security is an essential part of our camps :**

the children are supervised 24 hours a day. Megève provides a peaceful place and a safe environment. All the service providers are qualified in their relevant activities (mountain guide, ski instructor ...). Our responsibility is very important to us and we perfectly understand the concerns of each parent when their child is away from home. We take every precaution to ensure the health and safety of our participants. We will, of course, make sure the children take their medicines as necessary.

We are proud of our strengths in hospitality and security/supervision.

We deliberately limit the capacity of our camps to 50 children. This allows us to create a multicultural atmosphere and to look after the wellbeing of each participant.

# AN ATTRACTIVE DESTINATION

Our summer and winter camps take place in **Megève, a French ski resort with an international reputation.**

Megève is located in the heart of the Savoy Alps, close to Switzerland and Italy. Located in a preserved mountain environment at 1113 meters, Megève is a village with a delicate charm. Megève combines the magic and elegance of a winter and summer sports resort with a real Savoy village, rich in its history and its people. In the summer, Megève invites you to enjoy walks, mountain biking and horse riding, along with water and air sports.

Perfectly equipped with a sports infrastructure, Megève offers a wide choice of activities linked to the mountains and comes to life in the summer with a large classical music festival and a jazz competition which everyone can enjoy. There are wonderful nature walks and you can make all kinds of discoveries by following paths, animal tracks, or the clouds.

The village is ideal for vacations in the open-air!

The ski resort of Megève is in the Alps, close to Switzerland and Italy.

# OUR LANGUAGE LESSONS

Our morning English and French language lessons are based on the programs designed for the University of Cambridge and Alliance Française examinations and are adapted to the different levels of the students.

## **Our teachers:**

All of our teachers are qualified and experienced in teaching young people; the teachers are all native speakers. Their motivation is behind the specific character of our program and guarantees its success. They prepare their program according to a theme which changes every year.

## **Have fun learning:**

Our aim is to teach languages to children so that they can progress and the students enrich their vocabulary while enjoying learning. As we want our lessons to be lively and different from typical school lessons, the classes are limited to a maximum of eight participants per class. This and the fact that the classes are based on the level of the children, allow greater participation and improvement.

## **Adapted to your level:**

We focus on conversation and gaining confidence. Classes are available for beginners, intermediates or advanced students. Lessons are based on the direct method and require the active participation of the student. Teachers work exclusively in their native language.

During the summer camps, to use their linguistic knowledge, the campers produce a play assisted by the teachers and counselors. Each child can give their best performance by having fun.

Depending on the program chosen, there are 5 hours (Teens Mountain and Water Sports) or 15 hours (Kids and Junior) of language instruction each week.

# ACCOMMODATIONS AND MEALS

## The quality of the accommodations:

At Jeunes Diplomates we consider the quality of the accommodations to be an essential condition for the well being of our campers, and therefore our programs are organized solely in top quality hotels.

The children appreciate their stay in one of the double rooms (2 to 4 people) decorated in the Alpine style synonymous with calm, comfort and relaxation.

## **We are the only camp organizers in France to propose accommodations of this quality.**

Children are allocated their rooms depending on the following criteria: same sex, same age group, different native languages.

As safety and security are of top importance in our camps, the counselors' rooms are situated close to the children's rooms, on the same floor.

We are very conscious of allowing the campers time to rest, depending on their needs. Bedtime varies, therefore, depending on their age and the activities planned in the program.

To maintain an organization at a comfortable level, we deliberately limit capacity to 50 children. This allows us to create a multicultural dynamic and to look after the well being of each of our participants.

## The meals:

Children have their lunch in a restaurant near the school and dinner in the restaurant of the hotel. The menus are prepared by the chefs who takes into account a balanced diet and the tastes of the children.

We can organize special menus (vegetarian, gluten-free etc); we just need to be advised in advance.

## The school:

The language lessons and the creative and artistic workshops are held in a school in Megève close to the hotel. We are therefore able to use all of the established infrastructure (classrooms, sports facilities...).

## Day camp

If you already have accommodations in or around Megève, the "Day Camp" formula is perfect for you. Every day from 9am to 6pm, you can follow the daily program including the language lessons, lunch and the activities. Please note that in this case the daily transport to and from the school is not organized by Jeunes Diplomates.

# THE ACTIVITIES

Every day includes a complete and different program, guaranteed to avoid boredom! It's in a fun and friendly environment, and in safety, that our enthusiastic and dedicated staff organizes the activities of the day. Jeunes Diplomates organizes sports and enjoyable activities outside or inside in bad weather using the large number of facilities in and around Megève. The aim of these activities is to have fun; but we also focus on providing an environment featuring a mixture of languages, because it is at such a time that campers from all over the world communicate together and share emotions.

Our programs are also aimed at developing the talents and the physical aptitudes of each participant. The activities are diverse and we promote individual adaptation while creating an overall positive effect on the group. The activities proposed are based on the age of the participants and adapted to their wishes.

departure date (for example for illness, accident, family problems....)

The enrollment fees of 50 euros are non-refundable and non-transferable.

In case of cancellation you will be charged as follows:

- 5% of the total cost of the camp if we are notified of your cancellation by registered letter more than 60 days before the start of the camp.
- 25% of the total amount under the same conditions between 60 and 30 days before the start of the camp.
- 100% of the total amount for notification less than 30 days before the start of the camp.

There is no refund for any stay which is shortened (even in the case of force majeure). The above fees for cancellation or shortened stay compensate for our financial loss due to charges already incurred on your child's behalf. All cancellations or shortened stays must be notified by registered mail with acknowledgment of receipt.

In the case of cancellation by Jeunes Diplomates: the company will inform you immediately and the total amount of the fund transferred will be reimbursed without other indemnity.

In case of dispute, the place of jurisdiction will be the Court of Annecy which applies French law.

## 6. Departure and Return

### • With accommodations:

Participants should arrive on Sunday at 5pm at the hotel.

Campers leave at 6 pm on the last Saturday of their session.

### • Without accommodations:

Participants should meet us on Sunday at 5pm in front of the hotel. Every morning campers should be at the school at 8.45am. Parents/guardians can collect them every evening at 6pm at the same location.

When the children arrive and leave, the presence of an adult at the meeting place is obligatory. If it is not the parent or the legal guardian of the child, a signed authorization is required stating the name and address of the person coming to meet the child.

For other departures, a written authorization from the parent/guardian is required indicating the specifics of the return journey along with the person accompanying the child. No child will be allowed to depart without an adult accompanying them.

We will provide a cell phone number to use in case of emergency.

If a child is required to leave the camp early for any reason, the departure will take place the following day after breakfast with one of the parents or the legal guardian.

### Arrivals and Departures by Air:

On arrival and departure days, a camp representative is available to accompany the campers to and from Geneva airport (transfer fee 220 euros per transfer). At their departure, the children will be assisted with check-in and customs formalities. If they are travelling as a UM (unaccompanied minor), they will be escorted to the plane. For organizational purposes, information concerning the arrival and departure of the participants must be confirmed in writing at least two weeks before the date of the journey. Individual arrangements and last minute changes will be invoiced accordingly.

## 7. Medical Expenses

During the camp, Jeunes Diplomates will advance the costs for the following medical fees:

- Transport and visit to the doctor
- Medicine.

At the end of the stay, the parents must reimburse these costs. In case of illness, visit to the doctor or accident, you will be advised by the Camp Director as soon as possible. No medication can be taken without prescription during camp.

## 8. Responsibility

The camper and his/her parents or legal guardians are informed and accept that certain sports and activities (notably rafting and the adventure park in the trees) as well as the transportation (motor vehicles, train, ski lifts, boats etc) are undertaken by third parties who are acting in their own names and under their own responsibility.

The parent or legal guardian confirms by signature that they accept that their child participates in the sports and leisure activities organized during the camp. They understand and accept the inherent risks of these activities.
