We are delighted that our programs interest you. We are convinced that our camps are the best place to enjoy summer and winter vacations. JEUNES DIPLOMATES offers your child an unforgettable winter and summer full of action at the foot of Mont Blanc.

The objectives for our participants:

Study a foreign language by total immersion in an international setting with a multi-lingual team from all over the world.

Take part in all sorts of winter sports: ski, snowboard, iced-skating, iced-cars, ...

Become an international citizen by living in a multicultural context with continuous interaction among peers, which naturally leads to the respect of others.

Learn about themselves and blossom by exploring all their talents. Exceed their limits to achieve significant accomplishments through sports and discovery activities, and the creative workshops which comprise much of the daily activities of the camp.

MISSION AND GOALS

JEUNES DIPLOMATES is a European camp for children and teens from 7 to 17 years old from all around the world.

Children have the opportunity to develop their linguistic skills, discover new activities and learn about other cultures. Our linguistic camps not only feature foreign language study, but also encourage participants to discover new cultures, make new friends from all over the world, invest in themselves within an international community, and explore their talents. Everything is in place to install a climate of confidence, and we encourage our campers to be active in their own learning, creating the desire to continue to learn and to communicate.

We use 'multiple intelligences' in our teaching methods.

One of Jeunes diplomates' missions is to help our campers discover their inner strengths and use their resources to their advantage. They make tremendous strides in self-confidence, and to flourish in everything that they try.

AN ATTRACTIVE DESTINATION

Our summer and winter camps are located in Megève, a French ski resort with an international reputation.

Megève is located in the heart of the Savoy Alps, close to Switzerland and Italy. Located in a preserved mountain environment at 1113 meters, Megève is a village with a delicate charm. Megève combines the charm and elegance of a winter and summer sports resort with a real Savoy village, rich in its history and its people.

Perfectly equipped with a sports infrastructure, Megève offers a wide choice of activities linked to the mountains and winter sports. The Megève ski resort is situated in the Alps close to Switzerland and Italy, facing Mont-Blanc. The resort offers winter sports fanatics a magnificently varied background where everyone can take an "invigorating" breath of fresh air.

The nearest international airport is Geneva, and access to Megève is easy at only 75 kilometers.

SUPERVISION

Jeunes Diplomates staff consists of:

- a professional camp director
- qualified French counselors
- qualified native English-speaking counselors

Our team members are selected for their experience with children, for their age, and their training. They are all bilingual.

The staff/child ratio is above the current requirement by the French government. We have one adult for six children maximum.

Our team is experienced, qualified, and competent and entirely dedicated to the personal development of the children. They are enthusiastic and capable of motivating and adapting to the children for whom they are responsible. They accompany the children during each sports activity or excursion and act as models and guides for the campers. Natural leadership, organizational skills, good humor and an in-depth knowledge of the needs of our groups create a good team; many of the counselors return each year. Our director, the language teachers, and the counselors undoubtedly represent the principal factors in ensuring an experience that the children will remember for a long time to come.

SAFETY AND SECURITY

Security is an essential part of our camps: the children are supervised 24 hours a day.

Megève provides a peaceful place and safe environment.

All the service providers are qualified in their relevant activities (mountain guide, ski instructor ...). Our responsibility is very important to us and we perfectly understand the concerns of each parent when their child is away from home.

We take every precaution to ensure the health and safety of our participants.

We will, of course, make sure the children take their medicines as necessary.

We are proud of our strengths in hospitality and security/supervision.

- Try new challenges
- Learn to be independent away from the family

During the Winter camp you will :

Follow an intensive academic program (in the morning): English or French, as a foreign language. Maximum eight students per class, divided into groups depending on level. Varied resources are used (theatre, role- playing, interactive whiteboards, excursions).

Two on hour lessons daily for the intensive acquisition or refinement of the language.

Take part in your favorite sports

6 half days of skiing or snowboarding from Sunday to Friday with tests of your level at the end.

OUR LANGUAGE LESSONS

Our morning English and French language lessons are based on the programs designed for the University of Cambridge English and Alliance Française examinations and are adapted to the different levels of the students.

Our teachers:

All of our teachers are **qualified and experienced** in teaching young people; the teachers are all **native speakers**. Their motivation is behind the specific character of our program and guarantees its success. They prepare their program according to a theme which changes every year.

Have fun learning:

Our aim is to teach languages to children so that they can progress and the students enrich their vocabulary while they **enjoy learning**. As we want our lessons to be lively and different from typical school lessons, the classes are limited to a maximum of eight participants per class. This and the fact that the classes are based on the level of the children, allow greater participation and improvement.

Language lessons adapted to your level:

We focus on conversation and gaining confidence. Classes are available for beginners, intermediates or advanced students. Lessons are based on the direct method and require the active participation of the student. Teachers work exclusively in their native language.

During the winter camps, There are 10 hours of language instruction each week.

ACCOMMODATIONS AND MEALS

ACCOMMODATIONS:

At JEUNES DIPLOMATES we consider the quality of the accommodations to be an essential condition for the wellbeing of our campers and therefore our programs are organized solely in top quality hotels.

Very close to the center of Megève, just a few meters from the Rochebrune chairlift, the children will stay in apartments which sleep up to 6 people.

We have our own car service which can take us to the center of town or to the foot of the slopes.

Each apartment has heating and a fully equipped kitchen. The apartment also has a television and private bathroom with a bath.

All evening meals are taken in the restaurant.

Outside of the school holidays, the children will stay in a top class hotel in the center of Megève. The rooms sleep 2 to 4 people. This establishment combines tradition and comfort.

As security is one of our main priorities, a counselor sleeps in each apartment with the campers or on the same floor of the hotel.

We are very conscious of allowing the campers time to rest depending on their needs. Bedtime varies, therefore, depending on their age and the activities planned in the program. To maintain an organization at a comfortable level, we deliberately limit capacity to 30 children. This allows us to create a multicultural dynamic and to look after the wellbeing of each of our participants.

MEALS:

Children have their meals in a restaurant on the ski slopes at lunchtime and in the evening, in the restaurant of the hotel. The menus are prepared by the hotel's chef who takes into account a balanced diet and the tastes of the children.

We can organize special menus (vegetarian, gluten-free etc.). We just need to be advised in advance.
